CAREER OVERVIEW

A motivated frontend developer skilled in HTML, CSS, JavaScript, and React, with experience designing responsive, user-friendly interfaces using Figma. Proficient in collaborative workflows with GitHub and passionate about applying technical skills to develop innovative web solutions.

EXPERIENCE

On the Job Training - The Interns Hub

Youtube Creative | February 2025 - April 2025

- Edited videos using Capcut, Canva, genmo, and other tools to use in editing.
- Added transitions, text overlays, and audio enhancements to improve video quality.
- Designed engaging thumbnails using tools like Canva or Photoshop to attract viewer clicks.

PROJECT

Capstone and Research 2 | August 2024 - December 2024

CebuStay: Elevating Tourist Accommodation Experiences through Innovative Tourism Platforms

- Designed UI/UX using Figma and created wireframes and prototypes
- Developed the frontend using HTML, CSS, JavaScript, and React
- Ensured responsive design and smooth navigation across devices
- Using GitHub to collaborate with others provides tools for collaboration, such as pull requests, code reviews, and issue tracking

EVOHUB | August 2023 - December 2023

School event system for organizers to post events and students to view them.

- Developed the EVOHUB frontend using HTML, CSS, JavaScript, and React
- Designed user-friendly interfaces and prototypes in Figma
- Ensured responsive design and smooth user interaction
